# THE MEMORIAL PILGRIMAGE

*Sixty-four years ago, our Founder, Bishop Alonzo Daughtry, passed from this life to the next. One year later, we held our first Memorial Service and have gathered every year since, to remember and celebrate the lives of our members who have departed this life and gone on to receive their heavenly reward.*

*Our Church history comes into focus even more vividly as we recall the lives of our Founders, whose vision brought our Church into being, and all the others who labored so diligently in our Church.*

*At the same time, we celebrate and recognize the circular nature of life, by incorporating the Celebration of Baptism as part of our Memorial Pilgrimage. Baptism is a symbol of commitment, rebirth, and renewal and so signifies for us God's continuing blessings upon our Church and its Ministry. For though God takes some of our members to live with Him, He sends others to continue their work.*
